

Partnership Opportunity for HVC KYOTO 2018

Date: July 3rd 2018
Venue: Kyoto Research Park
- 10+ Researcher Pitch
- 10+ Startup Pitch

Please check
HVC KYOTO website
for updates & details!

HVC KYOTO is the **only Healthcare Innovation Pitch & Partnering Platform In Japan** to be provided in **English**.

We are inviting Partners from Pharmaceutical, Biotech, Medical Device and Funds to join our challenge to create the Healthcare Innovation Ecosystem in Japan!

Do you have difficulties in boosting your open innovation activities in Japan?
HVC KYOTO can be your solution!

1. Too many places to cover with too few people. Pitch events are not field specific and Academic conferences are not dedicated for new business ideas.
2. Need English materials (not Japanese) for recommending to global evaluations.
3. Difficult to follow up the Good Projects scattered throughout Japan.
4. Difficult to create opportunities by oneself to promote the supporting/investing projects.

HVC KYOTO will provide you following access to the Entrepreneur & Startup Community.

1. **Visible presence of your company by displaying your logo in our website, press, venues and other media.**
2. **Individual discussion opportunities to search & follow up on your new innovation possibilities.**
3. **[for Platinum Partners] Get involved early & deeply by participating in the selection & mentoring process of the speakers.**

What we offer to Entrepreneurs & Startups at HVC KYOTO 2018

1. **English Pitch & Mentoring** for promoting ideas and obtaining feedbacks
2. **One-to-one matching with Partners** for partnering and fundraising
3. **Networking with Participants** for searching new possibilities

160+ Participants from different sectors

◆ Comments from Participants

It's great that startups can give their presentation in English for international & domestic investors. I was surprised to know that so many innovative university startups are in action!

Q&A from mentor is very productive and clarified strength/weakness of each presenter opportunities.
